

## Metal Fabrication and Manufacturing

- Metal Wall Base
- Metal Moldings
- Custom Fabrication

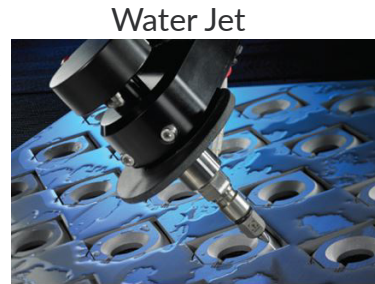

We are a premier provider of precision metal fabrication solutions. With a commitment to excellence and innovation, we specialize in delivering high-quality, custom metal fabrication services tailored to meet the unique needs of our clients.

Cutting material from 0.005" up to 12" thick, materials and alloys including copper, brass, titanium, wood, acrylic and plastic.

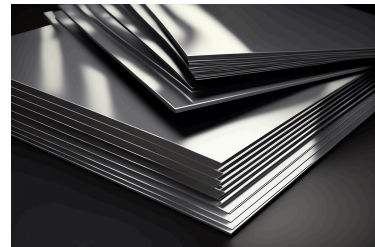

We can cut: Aluminum \* Carbon steel \* Stainless steel\* All steel alloys \* Armor plate \* Brass \* Copper Foam \* Neoprene \* Plastics \* Rubber \* Silicone \* Glass \* Granite \* Marble

### Metals:

- Stainless Steel Brushed 20 GA, 22 GA, 16 GA
- Stainless Steel Polished Chrome Look
- Aluminum Brushed and Anodized
- Aluminum Colors, 18 GA Painted
- Aluminum Color Architectural Grade
- Steel Colors 24 GA
- Aluminum Diamond Diamond Plate
- Copper
- Galvalume

Water Jet

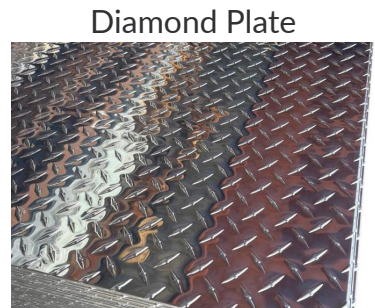

Metals

**Aluminum Popular Colors:** White Matte, White Gloss, Light Grey, Dark Grey, Black Gloss, Black Matte, Blue, Burgundy, Green, Red, Yellow, Ivory, Mocha Tan, Brown.

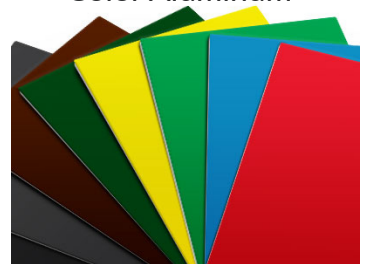

We have over 35 stock polyester paint colors available and are able to provide various types of custom orders. If your project requires painted cold-rolled or galvalume, we provide those materials upon request. We also provide alternative paint systems, such as Epoxy and Acrylic.

Prepainted Aluminum Sheet Finishes, offer extreme durability in indoor/outdoor exposure with our high-quality paint system. Painted sheet finishes are uniquely designed in that they offer a hard, abrasive resistant coating, yet allow the flexibility for extensive forming and fabricating

## Metal Options

Metal choices and color choices available:

1. Stainless Steel: Grade 304, or 430 with #4 Satin Polish, 0.030"tk (22GA), (20 GA) (16 GA)  
Stainless Steel: 201, 304, 304L, 316, 316L, 409, 430 Finishes available: 2B, #3/4, #8, Bright Annealed\*
2. Aluminum Light Brush: light brush marks 0.040"tk (18GA)
3. Aluminum Medium Brush & Anodized: medium brush marks and clear anodized for a finger-print free finish 0.040"tk (18GA)
4. Aluminum Satin Anodized: virtually no reflectivity and clear anodized for a finger-print free finish 0.040"tk (18GA), thicker available.
5. Aluminum Black Anodized: matte black anodized for a finger-print free finish, 0.040"tk (18GA)
6. Diamond Plate Aluminum: bright chrome like appearance with industrial diamond pattern 0.045"tk (18GA)
7. Diamond Plate Aluminum Colors: satin color anodized with industrial diamond pattern 0.045"tk (18GA)
8. Galvanized Steel: 0.030"tk (24GA), thicker available by request
9. Aluminum Colors: architectural exterior grade colors 0.040"tk (18GA)
10. Steel Colors: architectural exterior grade colors | 0.030"tk (24GA)

## Size Options

All items are made to order and therefore we can manufacture any special dimensions you may require.

Sheet sizes: 48" x 96" and 48" x 120"

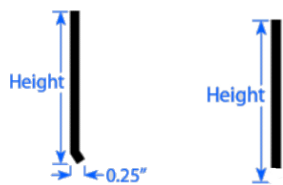

Popular Heights: 2", 4", 6", 8", custom heights available.

Popular Lengths: 48", 95", 96", 120" (96" and 120" must ship freight)

Finished Inside and Outside Corners

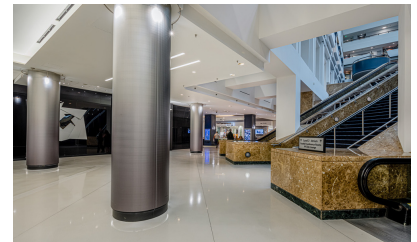

Installation and Cutting: If cutting is needed, miter cutting pieces in the field using a sheet metal blade. Installs with Construction Adhesive.

Profile: 1/4" Kick, or Straight (Custom profiles available)

Profile 1/4" Kick, or Straight  
(custom available)

Finished Inside and  
Outside Corners

Straight Pieces Bendable to a 12" Radius  
for Curves and columb
